Dear Tony:

It is my distinct privilege to provide you with documentation of action of the Vinegar Hill Neighborhood Association (VHNA) taken at the June 12, 2006, meeting regarding your proposed plans for the Pasfield House. As you know, following your presentation and discussion among members present, VHNA voted unanimously to support your efforts to get the necessary licensing and zoning to allow the Pasfield House to operate as a bed and breakfast and to provide catering services for events held at the house and elsewhere.

It is also worth noting not a single negative comment was made regarding your proposal. Several members commented on what a beautiful job you have done in restoring the Pasfield House. My personal feeling, and I believe a common perception among neighbors, is your restoration efforts will have a profound positive effect on property values in the VHNA area and are an inspiration to others for further restoration and redevelopment of our area. I commend you for the work you have done and we support you wholeheartedly in your ongoing efforts.

Sincerely,
